DELEGATES RETURN

Glassblowers' Milwaukee Convention Adjourns.

BOARD MEMBER B. BELL.

Massillon Man Elected to One of the National Offices of the Association—Amalgamation with Flint Bottle Blowers Most Important Move in Years—News of the Unions Generally.

W. J. Dunlap and Albert Alcorn, delegates from Massillon to the national convention of the Glass Bottle Workers' Association, returned from Milwaukee Thursday evening. Bernard Bell and Fred. Hirt, other delegates, are expected today. Louis Keller went from Milwaukee to Louisville, Ky., where he will remain for a week. The convention adjourned Wednesday evening. The most important business transacted was the decision to amalgamate with the 1,200 prescription bottleblowers of the American Flint Glassworkers' Association.

"This action," said Mr. Dunlap, today, "brings into one body all of the bottle blowers of the country. It is a move of vast importance. It greatly strengthens the organization. In every respect our association is in excellent condition. I think the financial report showed $133,000 in the treasury."

The following officers were elected: President, Dennis A. Hayes, Philadelphia; vice president, William M. Doughty, Philadelphia; secretary, William Lauer, Philadelphia; treasurer, Conrad Auth, Pittsburg; executive officers, William Sinclair, Alton, Ill.; Edgar Agard, Fairbury, Ill.; Bernard Balzer, Newark, O.; James Dunn, Brooklyn; Bernard Bell, Massillon, O.; Charles McNicholas, Toronto. Atlantic City was chosen as the place for holding the next convention.

TRACKMEN TO ORGANIZE.

The section hand claims that his wages continue to be the lowest of common labor. In some cities unions have been organized among section hands In Columbus a demand has just been made for an increase of twenty-five cents a day. Local section hands have shown a disposition to organize, and the members of the assembly say they shall have their support.

STAND BY THE DEPUTIES.

Chief Reutinger Says His Men Must be Given Protection.

State Game Warden Reutinger says that his deputies must be supported in their efforts to suppress unlawful hunting and fishing. Down in Clermont county the deputy has been having difficulty in securing convictions under the fish and game laws. Farmers give him practically no assistance, he says. Application has been made from the county for fifty pheasants for breeding purposes and a lot of fish for the streams, but all these requests will be denied. It is believed by the commission that this action will put the lovers of true sport on their mettle and make them aid the officers in the enforcement of the laws. While this action has so far not been extended to any other county in the state it is very probable that a similar rule will be enforced in all instances where the game wardens report that they are not given the proper support.

BOULEVARD FOR EAST SIDE.

Land to be Donated if the Council will do the Grading.

Drivers, bicyclists and other citizens are interested in a proposed boulevard on the East Side. It is suggested that the Wales speedway be extended across Front street and through to Mill street. Dr. Hattery and other property-owners have agreed to donate land for the purpose if the city will bear the expense of the grading. When plans are matured, a definite petition and proposition will be presented to the council. For the present it is thought that a gravel roadbed will suffice. Later, it is hoped, it might be paved with asphalt.

Those famous little pills, DeWitt's Little Early Risers, compel your liver and bowels to do their duty, thus giving you pure, rich blood to recuperate your body, Are easy to take. Never gripe. Chas. W. Cupples, 139 W. Tremont St.; Rider & Snyder, 12 E. Main St.; L. A. McCuen, 5 W. Main St.

Certificates Granted.

Among the teachers granted certificates, for a term of one year, by the county board of examiners, are the following: Harry L. Miller, West Brookfield; G. A. Lash, Bolivar; W. W. Graves and Arthur Snavely, Massillon; George Williams, Newman; J. L. Cope and Mary V. Putman, Beach City; Martha Eschliman, North Lawrence. J. W. Stormfelt, of New Berlin, was granted a certificate for two years. J. A. Sayler, of New Berlin, had his certificate renewed for eight years, and J. W. Kirk, of Canal Fulton, was granted a five-year certificate.

It is easier to keep well than get cured. DeWitt's Little Early Risers taken now and then will always keep your bowels in perfect order. They never gripe but promote an easy, gentle action. C. W. Cupples, 139 W. Tremont St.; Rider & Snyder, 12 E. Main St.; L. A. McCuen, 5 W. Main St.

NOW NEARING NAVARRE.

Grading Gang for Electric Line Working at Jacobs Farm.

The grading gang for the Navarre electric line is now working in front of the Jacobs property, a mile north of Navarre. The Yant and Allman farms lie beyond. W. A. Lynch, president of the Canton-Massillon company, has had a conference with Messrs. Yant and Allman, but with what result is not known. So far as is known, the injunction restraining the company from building track in front of these properties is still in effect.

HE GOT THE HORSE.

Stolen Property Recovered by Kitchen.

WAS LOCATED AT CLINTON.

Bay Mare Recently Taken From J. H. Shoemaker's Farm Had Been Traded to a Hotelkeeper at Clinton by the Thief—Antony Pitcherilli Says His Life is in Danger—Other Court Notes

Marshal Kitchen Thursday got word that a strange bay mare had suddenly come into the possession of a man at Clinton, and, accompanied by William Richardson, he forthwith set out for that village. The horse, as he suspected, proved to be that recently stolen from the pasture field of Farmer John H. Shoemaker, of Jackson township. Richardson identified it.

It was in the stables of Charles Willgohs, the hotelkeeper, who said he had gotten it through a trade with a stranger. Willgohs gave up the horse without a murmur. He said the horse he traded for it had returned a night or two previously. A wild sort of animal, it had broken away from the man to whom he had traded it and returned to its stable. The officer found no trace of the harness.

The man who stole Mr. Shoemaker's horse and harness also stole a buggy from a McDonaldsville blacksmith. The movements of the thief, as they have become followed, were direct from the Shoemaker place to the blacksmith's shop, hitched the horse in the buggy standing there, drove to Clinton, traded horses and then disappeared northward.

HIS LIFE IN DANGER.

Constable Bamberger went with Antony Pitcherilli to Newman Thursday to investigate his complaint that people of the vicinity have designs on his life. Pitcherilli showed him broken windows, and the large rocks responsible therefor. He said that Monday night, just before 12 o'clock, rocks were hurled through several windows of his home simultaneously. He and his wife narrowly escaped being hit. Pitcherilli conducts an Italian boarding house. He is also employed as a section hand on the Pennsylvania railway. The constable says arrests will be made shortly.

HAVE CHARTERED A PULLMAN.

Massillon Knights Templars Arranging to Go to Conclave.

Massillon Commandery Knights Templars, has chartered one Pullman car and has arranged that another may be secured without delay should it be needed for the trip to Louisville, Ky., where the national conclave is to be held for four days, beginning on August 27. Between twenty and thirty members of Massillon Commandery will attend the conclave. Many will be accompanied by their families. A Pullman will accommodate about forty people. The Massillonians will leave Sunday evening, August 25, over the Pennsylvania railroad, probably. At Orrville, a transfer to the C., A. & C. may be made, and at Cincinnati to the Louisville & Nashville.

CUNNINGHAM SAVES A LIFE.

Massillon Man Rescues a Boy From the River at Zoar.

David Cunningham, a brother of "the Duke," who is now living a wild, free life in the woods about Zoar, distinguished himself Thursday by rescuing a drowning boy from the river at Zoar. The boy is a son of Superintendent Johnson, of the Cleveland & Terminal Valley railway. Bathing, he got into water too deep for him. He was unconscious when gotten ashore by Cunningham.

CALLED ON THE PRESIDENT.

Hospital Trustees Finish Their Business and then Go to Canton.

President McMahon, of Cambridge; Mr. Zerbe, of Cleveland; Mr. Copeland, of Marion, and Dr. Russell, of Mt. Vernon, were the state hospital trustees who attended the monthly meeting at the institution Thursday. Routine business was transacted. In the afternoon, with Superintendent Eyman, the trustees went to Canton and called on the President.

"I am indebted to One Minute Cough Cure for my present good heath and my life. I was treated in vain by doctors for lung trouble following la grippe. I took One Minute Cough Cure and recovered my health." Mr. E. H. Wise, Madison, Ga. Chas. W. Cupples, 139 W. Tremont St.; Rider & Snyder, 12 E. Main St.; L. A. McCuen, 5 W. Main St.

HAS KILLED HIS MAN

McCue Would Hang if He Were Not Insane.

RICHARDS ATTEMPTED LIFE

Tried to Kill the Physician Who Examined Him at the Time of His Commitment—Both Men Now Patients in the Massillon Hospital—Baseball Games Between All Sorts of People—Reeder and His Band—Other Hospital Notes.

Among the seventeen criminal insane of the Massillon state hospital there are two notorious characters, James McCue and George Richards, both from Summit county. McCue deliberately killed a man, some years ago, because he believed he ought to be killed. Richards attempted a murder. He had been a patient at Cleveland for some time, but finally, being deemed improved, was allowed to go home. He immediately sought out the physician who had been instrumental in having him adjudged insane, and emptied a revolver at him. None of the shots took effect. Richards was taken into charge, and again adjudged insane. Both McCue and Richards are infirmary patients.

The baseball game between married and single men Friday afternoon resulted in a victory for the single men, score 35 to 5. Dr. Eyman did some of the pitching for the married men. Dyson and other good players could not be present, and to this fact the married men attribute their defeat. A game between the lean and fat men of the institution is now being arranged.

Director Reeder has gotten the hospital band into excellent condition. With a well arranged instrumentation, there being fourteen players, the band's music is good. A concert is given every Friday afternoon.

Five cows have been added to the live stock of the farm. All have stood well the tubercular test.

Fireman Constant Cameron, who was recently scalded by the bursting of a hot water pipe, has been removed to his home in Holmesville.

Though the entire building is by no means completed, some of the apartments of the employes' hall have reached a condition of occupancy. Somewhat of a relief this has proved to be, yet rooms in the water tower and above the workshop are still being used as sleeping quarters. The water tower has lately gotten into a way of overflowing, bringing with it the shower-bath for the occupants of the rooms below.

H. G. Garner, the colored patient who ran away from the institution some time ago, is still at large. Almost every day some one or other of the privileged patients is attracted away by the fine weather. Most of them return voluntarily.

The work of the farm will shortly be completed, and then all the available labor is to be put at grading. Engineer Haerlin expects to accomplish much before snow flies.

Cook Rippinger has returned from Toledo, where he spent his vacation.

C. Fritz, the dining room man, has proved himself a crack-a-jack baseball catcher. He is to be a part of the regular team.

The baseball team appeared in the new uniforms for the first time Friday.

HOW ALDS OR THE ANTIS?

That is the Question Agitating the Democratic Mind.

Chairman Howald, of the Democratic central committee, says that the re-organizing shall take place next week. The tie for committeeman in precinct A of the third ward, Dr. Hattery and Frank Riese being the candidates, Mr. Howald states, must be settled by the local committee. It will probably be done at the next meeting. Small bets are being made as to which element shall control the committee—the Howald or the Franz.

Though it was given out here at the time of the Democratic primary election that E. J. Creedon had defeated W. J. Minich for committeeman in precinct A, second ward, by a vote of 7 to 6, the official returns give the victory to Minich. Mr. Creedon has written to the county chairman for an explanation.

CHANGE IN LAUNDRY FIRM.

G. A. Myers, of Strasburg, Buys Out John Rose.

G. A. Myers, of Strasburg, has purchased the interest of John Rose in the Massillon Steam Laundry, and the firm name is now Chapman & Myers. Mr. Myers, like Mr. Chapman, will work both in the business and mechanical departments.

SLOW PROGRESS OF MYSTIC.

The Fulton Level Almost Impassable Because of Grass.

The canal barge Mystic arrived at the local port Thursday afternoon, after a passage over the Fulton level which was a good two hours too long. At times navigation became almost impossible. The tall grass growing upon the bottom of the channel has recently been cut, and the mass, floating in the water, was driven south. In the vicinity of wasteways and similar points, it was accumulated in such quantities as to almost block the channel. The state boat crew has been working hereabouts for several weeks.

THE RAILWAY NEWS

C., L. & W. Bridges Being Widened.

READY FOR TWO TRACKS

Chief Lineman Underwood Inspects Local Wires, Which Still Suffer from the Effects of the April Storm—Mr Edgar to Return Next Week—The Creston Special Taken Off.

The Cleveland, Lorain & Wheeling pile-driver passed through the city Thursday morning, to Easton, where bridges and culverts are to be widened preparatory to constructing the double track. The pile-driver will be kept in operation in this vicinity for some time.

Charles W. Underwood, of Elyria, chief lineman for the C., L. & W. company, is looking over the wires of this section today. Strange as it may seem, the damage done by the snow storm of April, is still the chief difficulty. Temporary repairs were made at the time the damage was done, and the permanent work is being done now. The company intends to spend $15,000 or $16,000 improving its wire system during the coming year.

E. P. Edgar, local agent for the C., L. & W. Company, who, with Mrs. Edgar, has been on the Pacific coast for the past six weeks, started for home today. Mr. and Mrs. Edgar will return by way of St. Paul and Chicago, and will arrive in the city about the middle of next week.

The W. & L. E. Creston special, which has conveyed the onion pickers to the fields each morning, made its last trip Wednesday. The total number of passengers of the train for the nine days it was run is 1,070.

MARRIAGES OF TWO DAYS.

Grant-Smith and the Fetzer-Koehler Nuptials

Miss Susan Grant, daughter of Mr. and Mrs. James Grant, and Ira Smith, of Bolivar, were married at high noon, Thursday, at the home of the bride's parents, at 88 Dwight street, and immediately afterwards left for Bolivar, where they will reside. The Rev. J. E. Digel performed the ceremony. The groom's best man was William Grant, brother of the bride, and the bridesmaid was Miss Lillian Schaeffer. Only the relatives and immediate friends of the couple were present. Mr. Smith is a teacher in the Bolivar schools.

FETZER-KOEHLER.

The marriage of Miss Margaret Fetzer to John Koehler was performed by the Rev. J. E. Digel, at the home of the bride's parents, Mr. and Mrs. William Fetzer, at 82 Wooster street, at 4 o'clock Wednesday afternoon. Mr. and Mrs. Koehler are now in Mansfield. Upon their return they will take up their residence in Wooster street, just opposite the home of the bride's parents. Mr. Koehler is employed at Russell & Company's works.

ARE STILL AT WORK.

Injunctions Have Not Stopped Navarre Line Operations.

Deputy Sheriff Krubaugh says that injunctions restraining the Canton-Massillon Electric Railway Company from constructing its Navarre line in front of properties of Leander Yant and Stephen Allman have been granted by Judge McCarty and papers have been served on Mr. Lynch, president of the company. At 2:20 o'clock Thursday afternoon, operations were still in progress, the workmen then being within a mile of Navarre. The Yant and Allman properties lie between the present working point and Navarre.

WELLSVILLE MILL.

Center of Interest in the Great Strike.

MAY START UP ON MONDAY

Strikers Win a Point in Cleveland—Agents are Employing Negroes in Southern Cities to Work in Place of Association Men—The Akron Assault Case Finally Disposed of by the Mayor.

PITTSBURG, July 20.—Interest in the steel strike centers in efforts being made to start the plant at Wellsville on Monday with men to be sent from this city. The strikers realize from the statement made by J. P. Morgan yesterday that there will be no temporizing on the part of the steel companies, and that the association has a bitter fight ahead. No men have yet appeared at Wellsville, but it is said a large number are quartered at East Liverpool, ready to reach the Wellsville plant at any hour. Men are clearing up the Dewes-Wood plant at McKeesport, and an effort will be made to operate it on Monday. President Shaffer, in a circular, says: "We have no desire to embarrass the business interests of the country unnecessarily, but if we are forced to to do so, the strike will go farther than the members of our own trade."

CREATE AN EMPIRE.

Prince Louis Napoleon at the Head of the Conspiracy.

LONDON, July 20.—The Paris correspondent of the Pall Mall Gazette gives circumstantial details of an alleged conspiracy to overthrow the French republic and install Prince Louis Napoleon as emperor. The correspondent is assured that September 14, upon which date the czar intends to promote Prince Louis to a full generalship in the Russian army, has been selected, as the occasion of a demonstration to support the claims of this prince, who is such a close friend of their Russian ally, by all the elements opposed to the present regime. The names of M. Deroulede, the Marquis De Luc Saluces and M. Marcel-Habert are mentioned as the leading spirits of the movement, and several high functionaries of the present government are alleged to be assisting the movements with funds.

HOLD MORRO FOREVER.

The Old Fortress Will be Equipped With Modern Artillery.

WASHINGTON, July 20.—In addition to the other bases of supplies demanded in the Platt amendment, it is the intention of the administration to permanently retain Morro castle, overlooking the harbor of Havana. The plan is to equip the fortress with modern artillery in order that Cuba may be assisted in defending herself against outside interference and also that the United States may thus have guarantee against failure on the part of the Cuban government to carry out its pledges and the terms of the treaty now in progress of preparation as between this country and Cuba. Under this treaty the retention of the fort is provided for.

MILL WILL NOT START.

Amalgamated Association in Control at Cleveland.

CLEVELAND, July 20.—The hoop mill, which was to have been started up by the American Steel and Wire Company, will probably not begin operations on Monday, as was expected. John F. Ward, vice president of the Amalgamated Association of Iron, Steel and Tin Workers for the sixth district, came to Cleveland Friday, and after a few hours' work among the men who had been selected by the company to operate the mill, persuaded nearly all of them to refuse to work and to join the ranks of the strikers. A number of non-union men present at the meeting made application to join the Amalgamated Association.

ONLY NINETY MEN.

Negro Labor to Take the Place of Strikers.

NEW ORLEANS, July 20.—Two men have come here from Pittsburg to get negro labor to take the places of the strikers in the steel mills of the United States Steel Corporation. They secured fifty men, and had reports from similar agents in Anniston and Bessemer, Ala., that they had secured forty men.

SHOPS STILL IDLE.

Imported Machinists Were Not Put to Work.

READING, Pa., July 20.—The sixty imported men, on whose account the other employes quit work yesterday, were not put to work today in the Philadelphia & Reading railway shops.

GOT OFF EASY.

Akron's Mayor Weakens on Jail Sentence.

AKRON, July 20.—[Special]—The men who pleaded guilty to brutally assaulting Editor Kennedy, several weeks ago, were brought before Mayor Doyle today for sentence. B. C. Work was sentenced to pay a fine of one hundred and fifty dollars and costs; George C. Kohler one hundred dollars and costs, and S. H. Kohler, fifty dollars and costs. The two Kohlers are sons of Judge Kohler, of the Summit county common pleas court. Much indignation is felt throughout the city because a jail sentence was not also inflicted, and the mayor is severely censured because of his leniency owing to the prisoners' social and financial standing. The mayor, it is claimed, has been severe with prisoners guilty of disorderly conduct, and a jail sentence has almost invariably been a part of their punishment. Indignation meetings have been held several times since the assault was made upon Kennedy, and others will probably be held to express displeasure over the mayor's disposition of the case.

FILIPPINOS AND FRIARS.

Priests Will Not be Withdrawn from Islands.

MANILA, July 20.—The Roman Catholic authorities in Manila say they have no intention of withdrawing the friars from the Philippine Islands and reiterate their belief that the friars will be welcomed by the masses of the Filipino people as their spiritual advisers when the people are thoroughly assured that the friars will no longer exercise temporal authority. The clerics bitterly charge the leaders of the Federal party, themselves Catholics, with inciting the people against the clergy. They also say they would be willing to substitute American for Spanish friars, except for difficulties arising from the Americans' ignorance of Spanish and the native dialects. The warm and antagonistic receptions given the friars by the people in the provinces is retarding the experiment of reinstating them.

MILLER FOUND GUILTY.

Five Men Convicted of the Murder of W. C. Johnson.

UPPER SANDUSKY, July 20.—After being out more than forty-four hours, the jury in the Miller murder case brought in a verdict, Friday, of murder in the second degree. This is the last of the celebrated Johnson murder cases, and Prosecutor Meck and Sheriff Cliffe are elated over the result. They claim that the case has not an equal in Ohio where a murder was committed by five masked men and each of the five, several months later, brought to justice and convicted. Miller is elated over the verdict, saying that it is equivalent to acquittal. His attorneys claim that inasmuch as the verdict reads "guilty in second degree, but not guilty in first degree," the jury has substantially acquitted Miller of the charge against him in the indictment, and the supreme court will so hold and order him discharged.

THE GOLD WAS STOLEN.

Experts Count Money in San Francisco Mint.

SAN FRANCISCO, July 20.—The work of counting the gold in the mint has been completed by experts in charge. The amount inspected and weighed was $47,140,000. The coin was found intact to the dollar, and has now been checked up three times, by as many different sets of men, so that there is no possibility of error. The completion of the count sets at rest the theory that the recent shortage of $30,000 at the mint was the result of a miscount. Nothing whatever was discovered by the secret service agents or Superintendent Leach relative to the search for the thief.

AT PUT-IN-BAY.

Knights of Columbus Holding Annual Convention.

PUT-IN-BAY, July 20.—One thousand Knights of Columbus, many accompanied by their wives and children are here today, with Strobel's band of Toledo. The band concert in the morning consisted mostly of national and K. of C. airs, in which the entire assembly joined. The Knights of Columbus are the jolliest lot of men that have been here this season, and the ladies are with them in all their amusements.

The Hon. Charles A. Towne, ex-candidate for vice president on the Populist ticket, was in New York this week looking after business connected with his recent speculations in the Texas oil fields. Mr. Towne has made a pot of money. He is now a plutocrat and the associate of men of millions. A few months ago he regarded wealth as a crime. It all depends on the point of view.

According to a bulletin issued this week by the census bureau, there are now approximately 89,800 Chinese in the United States proper, as compared with 107,475 in 1890, a decrease of 17,675 in the last decade. There has been a large increase of Japanese in the country since 1890, the preliminary figures of the present census showing a total of about 24,800, as compared with 2,039 in 1890. It is safe to say that both facts shown in this bulletin are generally satisfactory.

Prosperous conditions are manifesting themselves in curious ways. The Iron Age calls attention to the statement of a large manufacturing company in a western city that their trade in dinner pails has for some time been running heavily to five and six quart sizes. The dinner pails in ordinary use are the three and four quart sizes. The inference seems unmistakable that workingmen are able to supply themselves with more food and a greater variety of it for their lunches.

A dispatch from Paris says that the steel strike in the United States is being watched with a great deal of interest in France. A few years ago an affair of this kind would have passed almost unnoticed, but France has slowly awakened to the importance of industrial quarrels and has watched these troubles in foreign countries. Strikes in America arouse special interest because of the development of American trade which is threateening to overwhelm the European markets.

The Pittsburg Times says that the scarcity of men to reap the harvests of Pennsylvania compels the women of rural sections to work in the fields. It is no such work, however, as that which the mothers and grandmothers of these women were compelled to do. "The farmer's wife of today," says the Times, "is emancipated by the help of farming machines. There is less that she can do now that machines are available, and if she rides a mower or a hay rake in the summer in the press of harvest it is a work of ease compared to what her mother did before machines were in common use."

Ohio Day at the Pan-American exposition appears to have been a glorious success. The greatness of the state and the enterprise of its people were appropriately shown forth and the various speakers did themselves credit in the role of enthusiastic Ohioans. Ohio is proud of itself, though not too proud. As Governor Nash said in effect in his response to the address of the director general of the exposition, we know that there are other states larger and older and that we are only one of the forty-five states that make up the Union, but we have a right to be glad that Ohio is great in wealth, in commerce, in natural resources and in men.

Prof. Triggs, of Chicago University, has announced to his class in English literature that all hymns are doggerel. He might as well say that all fiction is twaddle. There are a good many hymns which both as to words and music might come under the professor's designation, but there are countless others, the stately beauty of whose lines and the appealing harmony of whose music removes them far from the jingling religious rhymes and tunes which Prof. Triggs evidently has in mind. No one who has ever heard "Lead Kindly Night," "Oh Come All Ye Faithful" or that old favorite by Addison "The Spacious Firmament on High" well rendered could ever designate all hymns as doggerel.

Farming is so vast an interest that its current condition cannot be expressed in figures. It is not capitalized in stocks and bonds and its values are not quoted from day to day, but any intelligent farmer can make a comparison of the general state of his industry with what it was six or eight years ago, and will then realize the immense gain that has occurred. It is a fact that the activity among the railways and the rapid growth of foreign exports largely rest on farm production. The government is not unmindful of the vast importance of agriculture. Congress has endowed agricultural colleges in states and territories which represent a value of $53,000,000. Their students last year numbered 31,658. The annual national appropriation for experiment stations is $789,000.

Senator Hanna never neglects an opportunity to say a word concerning trade expansion. In his address on Ohio Day at the Pan-American exposition he eloquently urged the necessity of developing our commercial relations with South America. "Now that we are talking of building up our merchant marine," he said, "let me ask if it is fair to neglect the trade of South America? Wherever we have the means of intercourse we have the ability to get the markets. In Central America, to which we have two lines of steamships flying the American flag, our trade has doubled in the last few years. You can no more stay the progress of this great republic than you can stay the waters of Niagara. Let us make trade extension a patriotic movement and let this Pan-American exposition be the beginning. Let us see that nothing stands between us and closer relationship with the South American countries."

JUDGE DAY'S ADDRESS.

The fact that people are taking two quite opposite views of the address delivered by Judge William R. Day last Thursday at the annual meeting of the Ohio Bar Association lends great interest to an editorial in the New York Sun explanatory of the passage particularly in dispute. Judge Day discussed the new position of the United States in the family of nations. To those who rejoice in the accomplished results of the policy of expansion it is clear that he was speaking as an expansionist, not a reactionist statesman. On the other hand some of the so-called anti-imperialists profess to regard the passage referred to as "a note of warning and a signal for retreat." Judge Day said to the Ohio lawyers:

"We must never lose sight of the fundamental principles of our government. This obligation is all the more binding now that a decision of the supreme court of the United States has made the government and disposition of the islands practically one of policy to be determined by the American people."

The opponents of expansion dwell on the two words, "and disposition." "Here is President McKinley's former secretary of state," they say in effect, "calling attention particularly to the circumstance that, while establishing the power of Congress to control the acquired territories independently of certain constitutional restrictions applying to the union of states, the supreme court asserts the power of the American people to dispose of such territory—that is to say, to withdraw from it, to get rid of it, as the fundamental principles of our government require that they should." The Sun says:

"Having resisted the progress of events up to the present time at every step and always in vain, and having been deprived of all other comfort or encouragement by the supreme court's decision, the anti-imperialists seize eagerly now upon the last hope of reaction, the absolute power of congress to dispose of American territory not incorporated into this Union. That, in their opinion, is the way out, and every man who like Judge Day mentions this undoubted and never-questioned power of congress to relinquish the islands if the American people should so decide, they hail as a prophet and an ally. To this pass has anti-imperialism come! It now banks exclusively on the constitutional power of congress to haul down the flag, to abandon or transfer sovereignty and to withdraw.

"There is nothing in the rest of Judge Day's address to justify the interpretation the anti-imperialists put upon his remark, or to indicate that he sympathizes in any degree with their programme. Every word he says bears strongly the other way. In our humble opinion the thought of abandoning or 'disposing' by gift or sale of a single square inch of territory over which the American flag now flies as an emblem of sovereignty, is as far from his idea of American policy as it is from the ideas of ninety-nine out of every hundred of his fellow citizens."

RUSSIA SHOULD GO.

Chinese Government Thinks Manchuria Should be Restored.

CZAR'S OFFICERS ORDERED TOLD

Chinese Authorities Recently Stated They Contemplated Having a Jap Official Direct Administration—De Giers Asked Ching What It Meant.

Pekin, July 20.—The Chinese peace envoys have received the following imperial telegram:

"Russia and China have for many years been on friendly terms. Now that the peace negotiations have been finished it is natural that these friendly relations should be resumed. The plenipotentiaries are therefore commanded to inform the Russian foreign office that they should restore all of Manchuria."

The Chinese authorities recently stated that they contemplated utilizing the service of the Japanese police commissioner to direct the administration. M. De Giers, the Russian minister, thereupon wrote to Prince Ching, asking what this meant. Prince Ching has made no reply as yet, but it is thought probable that the Chinese will be afraid to carry out the scheme.

A TEMPERANCE CONGRESS.

One to Be Held by W. C. T. U. In Buffalo.

Chicago, July 20.—The national Woman's Christian Temperance union will hold a temperance congress July 31 in the Delaware Avenue Baptist church, of Buffalo. Three sessions will be held—morning, afternoon and evening. Mrs. Lillian Stevens, president of the national W. C. T. U., will preside.

Among the topics will be "Vice in the Philipines and other islands, and our duty to our new possesions." Mrs. Susanna M. D. Fry, national corresponding secretary; "The relation of the national W. C. T. U. to their organizations." Mrs. Katherine Stevenson, president Massachusetts W. C. T. U.; "The anti-canteen law and the sale of liquor in soldiers' homes," Mrs. Margaret Dye Ellis, national superintendent of legislation.

Other addresses will be made by Mrs. Clara O. Hoffman, Miss Anna A. Gordon, Mrs. Ella A. Boole, Mrs. Carrie L. Grout, Mrs. Cora E. Seberry, Miss C. I. Tingling, of London; Mrs. Eliza Spencer Large, of Japan; Miss Nettie J. Wilbur, white ribbon missionary of South America; Mrs. Emma Bourne and Mrs. Helen L. Bullock.

W. C. T. U. CONFERENCES.

National Meetings to Be Held at Chautauqua This Month.

Chicago, July 20.—The annual conferences of the national W. C. T. U. at Chautauqua, N. Y., will be held July 23 to July 26, inclusive. These conferences are a part of the women's club work under the direction of the president, Mrs. B. T. Vincent. Mrs. S. M. Fry, corresponding secretary of the national W. C. T. U., will have charge of the temperance conferences and will be the leader the first day, with the subject "Obstacles to Scientific Temperance Instruction." Mrs. Helen L. Bullock will be the second day leader and will speak on "A Model Mothers' Meeting."

"School Savings Banks as Character Builders" is Mrs. S. L. Oberholzer's subject for the third day, and Mrs. Carrie L. Grout will close with the topic, "Saloon Revenues Minus Saloon Damages Equal What?"

Mrs. Bullock will be in charge of Kellogg hall, W. C. T. U. headquarters, where interesting talks by distinguished speakers are to be given every evening.

OFFICERS AND THIEVES FOUGHT.

Exciting Shooting Affair Near Latrobe, Pa.

Greensburg, Pa., July 20.—A duel with revolvers between officers and a band of robbers was fought near Latrobe. Some nights ago the store of Andrew Schnitzhoffer was robbed of a lot of goods. Thursday evening the robbers were located with the plunder in an old school house in Unity township.

Constable Campbell and Officers James Sterling and Harry Fry made up a posse for the purpose of arresting the gang. The thieves were on guard, and when the officers came within rifle range they were met with a fusilade of bullets. The fire was returned by the officers. Citizens joined in the firing and two of the robbers were compelled to surrender. The other two escaped, but one is known to have been badly injured, as he was carried along by his companion.

The two under arest gave their names as Tom Coyle and Clyde Walker, of Cleveland. The prisoners were brought here and placed in jail Friday. Nearly all the plunder taken was recovered by the officers.

A BRITISH CONSUL DIED.

Pacific Coast States and Territories Were His Territory.

San Francisco, July 20.—W. Clayton Pickersgill, H. B. M. British consul general for the Pacific coast states and territories, died at a sanitarium in Alameda, to which he was conveyed on Sunday last from his summer residence in the Santa Cruz mountains.

Mr. Pickersgill had been seriously ill for some months past, the result of a long residence in the malarial regions of Africa as a consular representative of the British government.

Kitchener Commuted Death Sentence.

Cape Town, July 20.—Lord Kitchener has commuted the sentence of death passed on 34 Boer prisoners to penal servitude for life at Bermuda.

ANXIETY AS TO FUTURE.

Depressed Securities and Caused Cancellation of Some Merchandise Orders.

New York, July 20.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, said in part:

Anxiety regarding unfavorable possibilities in the future rather than actual present misfortune depressed securities and caused cancellation of some orders for merchandise by western dealers. Retail distribution of goods will not be curtailed by the labor controversy unless it is of long duration, as the men have saved money during the recent period of full employment at high wages. Similarly in some agricultural districts, where there is fear that little corn will be harvested, preceding bumper crops at good prices have put farmers in such prosperous condition that their purchases will not fall off materially, while the greatest crop of wheat on record has not brought a return to the low prices of previous heavy yields.

Beyond advancing prices of steel sheets and the depressing the market for tin, quotations have not been affected by the strike of the Amalgamated association. Pig iron furnaces are not disturbed, although record-breaking production will bring accumulation of stocks if the rolling mills are kept idle for any length of time. In the branches not directly concerned there is no change of conditions, orders frequently running months ahead. Settlement is confidently expected, and there is much relief over the general collapse of the machinists' strike.

Woolen mills are more generally active than at any time this year, orders for heavy weight goods arriving in large numbers. The light weight season will soon open, and although it is expected that concessions of from 5 to 10 per cent from last year's price will be made there is prospect of profitable operation unless the raw material should advance. Some uncertainty is seen in the wool market, sellers making future efforts to secure better terms and ultimately accepting bids at former figures. The tone is distinctly firmer and stocks at mills and in warehouses decrease.

Calmer counsel prevailed in the grain markets, exaggerated dispatches were discounted and variations in quotations were less extensive. After a severe break from the best price last Friday wheat steadily advanced as the feeling became general that foreign requirements would bring a new record for exports, possibly exceeding 250,000,000 bushels. Some of the heavy crop may also be used for fodder in sections where corn is deficient. These influences fully offset the effect of interior receipts for the week of 6,750,242 bushels, against only 4,332,253 last year. Atlantic exports show a large gain over last year's figures, for the week amounting to 3,902,775 bushels, against 1,841,861 a year ago. After some reaction corn recovered most of the loss and holders showed their confidence in values by marketing only 3,361,942 bushels for the week, aginst 4,416,153 a year ago, although the high price was distinctly reflected in Atlantic shipments of only 1,176,982 bushels, against 3,961,496 in 1900.

Failures for the week numbered 193 in the United States, aginst 231 last year, and 32 in Canada, against 27 last year.

HIGHLY PROFESSIONAL.

Such Reported as Condition of Stock Market Friday.

New York, July 20.—The character of Friday's stock market was much the same as that of Thursday, but there was a conspicuous absence of the late enormous demand which lifted Union Pacific Thursday in the closing dealings. The volume of transactions was rather larger than Thursday, but the market was nevertheless highly professional. Much liquidation had to be absorbed by those who had set themselves the task of supporting the market, and the burden seemed to be too heavy to carry. Prices broke through support in the late dealings and the market closed weak at the lowest of the day. Even those stocks which had shown strength during the day had very little left to show in the way of gains, and the stocks which were conspicuous for strength Thursday were conspicuously weak. The stocks selected as props for the market Friday seemed to be principally among the southern railroads and the Gould southwesterns. Included with the latter were Western Union and Manhattan. Texas and Pacific was at one time 3 points over Thursday night and there was large buying in Missouri Pacific. United States Steel stocks seemed to be well under control by insiders and they were marked up sharply over a point each during the period of strength in the market. The sustaining force of these advances, however, was steadily taken advantage of to realize in the railroad list. Union Pacific, St. Paul and Atchison were the most conspicuous objects of the selling. Southern Pacific at one time broke away from the group and was marked up to 59⅛, apparently in pursuance of the design of supporting the market for realizing purposes. The device proved only moderately successful, as did others of the same character. In the late reaction the decline in St. Paul extended to 5⅜, Union Pacific to 5½, Atchison to 3⅞, Missouri Pacific to 3½ and Southern Pacific to 5½ and Southern Pacific to 3⅜. Much of the selling seemed to be prompted by the renewed fears of disaster to the corn crop, the same motive being at work in the corn market. The selling for western account was very large and was attributed to important interests. The selling for London account was another important factor in the day's market. It was most conspicuous in the United States Steel stocks but extended besides to others of the internationally listed stocks. The day's total sales for that account were estimated at as high as 100,000 shares.

Postmaster Attempted Suicide.

LEAGUERS AT PRAYER

As Sun Rose Second Day, Three Services Were Held.

BUSINESS MEN'S MEETINGS,

Held In Chamber of Commerce and Palace Hotel, San Francisco—Various Subjects Discussed at the Different Sessions of the Convention.

San Francisco, July 20.—The second day of the international Epworth League convention was devoted strictly to the work of the league. As the sun rose Friday morning from a cloudless sky, presaging another day of perfect weather, prayer meetings were held in three spacious religous edifices located in widely separated sections of the city.

At Grace Methodist church the devotions of the assembled congregations were led by Rev. George Stuart, of Cleveland, Tenn. At the Centenary Methodist church, South, Rev. E. A. Pearson, of Aurora, Ont., made the opening prayer. Across the bay, in Oakland, services were conducted by W. H. Fisher, of Los Angeles.

The first sessions of the convention began simultaneously about 9 o'clock in the pavilion and at the Alhambra theater. The former meeting was attended by about 6,000 persons, including a portion of the grand chorus. Bishop Cranston, of Portland, Ore., served as chairman. The music was in charge of J. M. Robinson. Prayer was led by Rev. O. E. Watson, of Charleston, S. C.

The initial address of the day was delivered by Rev. William H. Anderson, of Springfield, Ills., his subject being "The Church and the Liquor Traffic."

"The Church and the Workingmen" was discussed by Rev. E. J. Helms, of Boston.

Rev. T. E. E. Shore, of Toronto, Canada, spoke on "Church and the Young Man."

Address on Church and Newspapers.

"The Church and the Newspaper" was the subject of an address by Rev. James B. Buckley, of New York city. While he found much to criticise, Dr. Buckley also had praise for the newspapers of today. He deprecated sensationalism and pointed out the good that can be done by the press if conducted in accordance with a high standard of morality.

"Our Imperilled Sabbath" was the subject of an address by Rev. I. B. Scott, of New Orleans.

At the Alhambra theater Hon. Nathan Newby, of Los Angeles, acted as chairman. E. I. McKee was musical director, and the devotions were led by Rev. J. D. Ellis, of Decatur, Ala.

"The Church and the Liquor Traffic" was the subject considered by Rev. G. R. Burke, of Toronto.

Rev. C. E. Patillo, of St. Louis, spoke on "The Church and the Young Man."

"The Church and the Newspaper" was discussed by Rev. E. E. Hoss, of Nashville, Tenn., and "Our Imperilled Sabbath" by Rev. E. M. Randall, of Seattle.

The session was closed with an address on the "Institutional Church," by Rev. M. S. Kauffmann, of Fall River, Mass.

About noon largely attended meetings of business men were held in the downtown districts.

Services in the Palace hotel were led by B. L. Paine, of Lincoln, Neb., and Rev. G. D. Wolfe, of New York, conducted the devotions in the chamber of commerce.

At the afternoon session of the convention the first subject was "Forward Movements in the Church." Both the pavilion and the Alhambra theater were crowded with attentive visitors. At the pavilion Rev. Lee Scott, of Vancouver, was chairman, and I. M. Vesper, musical director. Rev. J. W. Bashford, of Delaware, O., spoke on "Our English Bible and How to Use It."

"Systematic Benevolence" was considered by Rev. R. S. Hay, of Houston, Tex.

"The Results Achieved by the Missionary Forward Movement in the League" was discussed by Rev. J. W. Saunby, of Medicine Hat, N. W. T.

Address on Missionary Work.

"The Missionary Work Before Us" was the subject of an address of Willis W. Cooper, of Kenosha, Wis.

"Persona' Work for Christ" was discussed by Rev. W. E. Thompson, of Little Rock, Ark.

Edward D. Soper, of Harrisburg, Pa., closed the afternoon session with an address on "Young Laymen as Soul Winners."

The Alhambra theater services Friday afternoon were conducted by William Burdette Matthews, of Charleston, W. Va. Robert Husband was musical director and Rev. J. W. Churchill, of Coldwater, Ont., led in prayer.

Rev. R. W. Cantine, of Los Angeles, spoke on "Systematic Benevolence."

Various phases of missionary work were then discussed by Rev. Johua H. Frost, of Bangor, Me.; Rev. P. L. Cobb, of Nashville; Rev. C. T. Scott, of Aylmer, Ont.; E. T. Colton, of Chicago, and Rev. J. W. Bashford, of Delaware, O.

The first of the series of meetings scheduled for the Metropolitan Temple was held Friday afternoon. The chairman was Rev. J. E. Moore, of San Francisco, and the song service was led by J. J. Morris. Devotions were conducted by Rev. E. L. Thorpe, of Brooklyn, and addresses on "The Forward Movement in the Church," considered from various aspects, were delivered by the following delegates: Rev. C. S. Clendenning, Brockville, Ont.; Rev. T. A. Moore, Hamilton, Ont.; Rev. F. B. Short, Wilmington, Del.; Rev. A. F. Watkins, Brook Maven, Miss.; Rev. Fayette L. Thompson, Jackson, Mich., and Rev. W. A. Cooke, of Cypress River, Manitoba.

FAMILY CARES.

This Information May be of Value to Many a Mother in Massillon.

When there is added to the many cares inseparable from the rearing of children that affliction of weakness of the kidneys and auxiliary organs, the mother's lot is far from a happy one. This condition can be quickly changed and absolutely cured by the use of Doan's Kidney Pills. When this is known the mother's burden will be lighted and her home happier.

Mrs. W. E. Buzzle, of 108 West Tremont street says: "A juvenile member of our family contracted a weakness of the muscles controlling the action of the bladder. The use of two boxes of Doan's Kidney Pills bought at Z. T. Baltzly's drug store brought about a complete cure. The results in this case are a double blessing, first to the child, and second to the mother."

Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure. "For years I have been greatly bothered with kidney trouble and enlarged postrate gland. I used everything known to the profession without relief, until I was induced to use Foley's Kidney Cure. After using three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles, for I can honestly state I have prescribed it in hundreds of cases with perfect success." VARICOCELE

No matter how serious your case may be or how long you may have had it, our NEW METHOD TREATMENT will cure it. The "wormy veins" return to their normal condition and hence the sexual organs receive proper nourishment. The organs become vitalized and manly powers return. No temporary benefit, but a permanent cure assured. NO CURE, NO PAY. NO OPERATION NECESSARY. NO DETENTION FROM BUSINESS.

STRICTURE

Thousands of young and middle-aged men are troubled with this disease—many unconsciously. They may have a smarting sensation, sharp, cutting pains at times, weak organs, and all the symptoms of nervous debility—they have STRICTURE. Don't let doctors experiment on you by cutting, stretching or tearing you. It will not cure you, as it will return. Our NEW METHOD TREATMENT absorbs the stricture tissue, hence removes the stricture permanently. It can never return. No pain, no suffering, no detention from business by our method. The sexual organs are strengthened, the nerves are invigorated, and the bliss of manhood returns.

Cures Guaranteed

We treat and cure BLOOD POISON, NERVOUS DEBILITY, IMPOTENCY, STRICTURE, VARICOCELE, SEMINAL LOSSES, BLADDER and KIDNEY DISEASES. CONSULTATION FREE. BOOKS FREE. CHARGES MODERATE. If unable to call, write for a QUESTION BLANK for HOME Treatment.

A Revolver and Razors Stolen.

OTHER POLICE NOTES.

The Case of the State Against J B. Couch, Charged with Embezzling Funds of the American Home Association, Continued Again—Affairs of the Organization Said to be Much Tangled.

C. L. Borway, who conducts a second hand store in Canal street, Friday reported to the police that seven razors and a revolver were stolen from his place of business, presumably by a one-armed vagrant, Thursday afternoon. Mr. Borway says that the man was in his store for a moment while he was absent. He did not discover that anything was missing until Friday. The police have not yet found the thief.

CONTINUED AGAIN.

The case of the state against J. B. Couch, charged with embezzling the funds of the American Home Association, which was to have come up Saturday before Mayor Wise, was continued till August 3, at the request of the attorney for the prosecution. It seems that the affairs of the organization are in a much tangled state, and until they are straightened out the local case is not to be pushed.

FREW IS INVESTIGATING.

W. G. Frew, of New Philadelphia, special officer for the C., L. & W. Railway Company, is investigating thefts and depredations which have been committed between this city and Navarre. Mischievous boys, it is supposed, were the offenders.

NEARBY TOWN NOTES.

DOINGS AT CRYSTAL SPRING.

CRYSTAL SPRING, July 20.—Miss Blanche Stuhldreher, of Chicago, is spending her vacation with her parents, at Pleasant View farm.

Mrs. Samuel Stump, of Toledo, was summoned here on account of the death of her mother.

Mrs. Dora Young, of Chicago, is visiting friends and relatives in town.

Miss Dora Ries has returned to Akron.

Mrs. Thomas Crookston, Miss Ruby and Mrs. Charles Leonard, of Massillon, are visiting the latter's parents, at Forestville, N. J.

Fred. Fetzer, of Massillon, was in town Tuesday on business.

The dance and festival held by the ball team, proved a success all around. The brass band furnished music for the festival.

The large new bank barn on the August Stuhldreher farm, was raised Friday. An immense throng of people assisted and witnessed the raising.

The molders' annual picnic will be held at Turkeyfoot lake, on Sunday. The Crystal Spring ball team will play the Manchester club that day at the lake, for a purse given by Landlord Kepler. A big delegation of our people will go along. The band is making arrangements to accompany the party.

THE FLY-KILLING FLOWER.

Not a Blazing Star or a Devil's Bit, But a Near Relative

After careful analysis and exhaustive research, Stanley M. Baltzley, of this city, a student of botany at the Ohio State University, has decided that the strange fly-killing flower discovered by Cleveland, Lorain & Wheeling railway men, belongs to the family of Melanthium Virginicum, or bunch flower. Though not strictly a "blazing star" or "devil's bit," the common terms of flowers of this family, there is much about the fly-killer to suggest both. The power to kill, Mr. Baltzly cannot explain. He is of the opinion that poisonous matter, foreign to the flower itself, must have gotten on the petals.

STANLEY M. BALTZLY.

Mr. Baltzly holds that in the following respects the fly-killer and the devil's bit are alike: Their flowers are cream or yellowish green; root leaves sheating, long, often a foot, narrow, grasslike, the upper becoming small; the flowers are crowded or bunched at the end of a tall, unbranched stem, four or five feet high, forming a panicle, of which the lower flowers are staminate and the upper pistillate; the six sepals are quite separate, raised on claws and spreading, becoming brownish after blossoming; the stamens are joined to the sepals. Mr. Baltzly says that it is unusual to find a flower of this kind in Ohio. The usual range is from Rhode Island to Florida and Texas.

READS HIS "INDEPENDENT."

Fred. Lehman Finds News Worth $167 to Him in a Paper.

Frederick Lehman, of 146 South East street, a painter, has presented himself to Mayor Wise as the heir of the late Ludwig Lehman, to whom there is due $167 from the estate of a deceased relative in Germany. Mr. Lehman states that his father died in 1873 in Youngstown, and that his burial took place in Massillon. He made sworn statements concerning his identity to the mayor, who has forwarded them to Frederick Kleutsch, of Zweibruecken, Germany, the seeker of the information. Mr. Lehman says he learned that he was sought through THE INDEPENDENT.

SMALLPOX AT MAGNOLIA.

Three Persons Down and Many Have Been Exposed.

Smallpox has broken out in the Italian colony at Magnolia, in Sandy township, and it is feared that scores of cases will result. Three persons are already down with the disease, and nearly everyone in the village has been exposed. It is supposed the disease was carried to the Italian settlement by a young woman who recently arrived in this country.
